The Emerald of 1948

Welcome Freshie!

You would like to know, dear freshies, what it means to be a member of the Greentown High School student body? By the end of this year, having been fully initiated into high school life you will have the answer. You have much ahead of you. To get your studies will take hard work. You'll find lots of fun and pleasure too. Now that you are in high school the girls will have a chance to join the Blu-Tri; the boys, the opportunity to join the Hi-Y. Some can join the Dramatic club and other organizations. So with this brief preview, turn the page and see what really happens in high school.

Come On In

One of the greatest thrills in one's life is his stepping over the threshold to new adventures. Now you are about to cross the threshold into the halls that will lead to your high school experiences. You will meet new teachers and classmates as you travel along your way through these well-trodden corridors of learning.

Here to welcome you are students who have already reached various stages of progress toward graduation.

Seniors, Juniors, Sophomores, all are ready and eager to help you.

Here's The Faculty

Mail Time

Well, Freshie, here are some of the teachers you will meet in school this year. They are; Mr. Ebersol of the Industrial Arts Department; Mrs. Mower of the Music Department; Mr. Johnson of the Mathematics Department.

Mrs. Mower taught music in the Kokomo schools, coming to us from the Washington Jr. High School. She came to Greentown this year to have charge of the Band and Choir. Mrs. Mower's home is in Greentown.

Mr. Ebersol and Mr. Johnson have been here for a number of years. Mr. Ebersol taught in the sixth grade before taking charge of the Industrial Arts Department.

Mr. Johnson taught for a number of years in other schools in Howard County. In 1942 he came to Greentown where he has been teaching ever since. He dropped out for one semester because of ill health but came back the next spring to take up his old position, which he holds at the present time.

Conference Time

We have here the principal of our school, Mr. J. Lee Owens; the commercial teacher, Mr. Donald Martin; and the physical education teacher, Mrs. Overton.

Mr. Owens and Mrs. Overton are both new to us, having come here in this, our last year of school. However, you as a freshman have started out even with them and each of you has the task of getting acquainted.

Mr. Owens received a B. S. degree from Ball State Teachers College. Then, he received his Masters degree from Purdue. For the last three years before coming to Greentown, he was principal at Griffith, Indiana.

Mrs. Overton received her B. S. degree from Ball State Teachers College. In the years following her graduation she taught physical education at Kokomo and at Indiana University; and for the three years prior to coming to Greentown, she taught at Wawaka, Indiana.

Mr. Martin came to Greentown in our junior year. He received his B. S. at Ball State and his Masters degree at Butler University. He is not only the commercial teacher but he is supervisor of the office books and is secretary to Mr. Owens.

Study Time

The gentleman to your left is Mr. Richer, a newcomer to our teaching staff. Teaching was a new experience to "Nick", but he has been highly successful. You meet him in your social studies classes or see him coaching the junior high basketball team.

"No, no, the word is were not was". After you have been here awhile you will immediately recognize this to be Miss Parson, teacher of English and Public Speaking, talking. Miss Parson is well known by all students of G. H. S., as she has been a member of the faculty for several years. She is also sponsor of the Dramatics Club and director of the senior class play that is given each spring.

Mrs. Smith, seated at the desk, is a very active member of the teaching staff. She is sponsor of the Jr. Blu-Tri, sponsor of section I of the freshman class, and teaches eighth grade English and three Latin classes each day.

Lunch Time

Neon is a busy time in the school cafeteria. Here we find Coach Irwin eating as usual and enjoying it. Mr. Irwin is quite the guy, what with looking after the basketball boys and making sure that no girl makes eyes or shows any signs of flirting with the basketball boys. He is really a busy guy.

And, there's Mrs. Carter. She just can't keep her mind off her work even while eating. Mrs. Carter is very active in her position as Home Economics teacher and senior leader of the 4-H. With all this on hands no wonder she studies, even while eating.

Next we find Mrs. Loy eating just for the sake of staying alive. Mrs. Loy is known in the high school for her love of science and nature. You say, "Who is that across the field in slacks and boots under that enormous straw hat?" It so happens that that is Mrs. Loy looking for something new and interesting to add to her biological collection.

Last, but far from the least, Mrs. Saunders is enjoying her meal along with the rest. Mrs. Saunders is catching up on the latest in art, for her students keep her busy looking for something to do next.

Grade Teachers

Left to right: Mrs. Thelma Peters, Mrs. Gula Himes, Mrs. Mary Ruth Evans, Mrs. Fredia Little, Mrs. Opal Davis, Miss Mary Bowman, and Miss Blanch Johnson.

Every freshman that enters high school leaves behind a corps of teachers who has helped to build his educational background. Here are the grade teachers of the Greentown School.

In the primary department you became acquainted with Mrs. Peters, Miss Johnson, Mrs. Little, and Mrs. Evans. In these grades, you learned to stay at school and began your first slow progress with the alphabet and numbers.

As you advanced to the intermediate classes you learned to know Miss Bowman, Mrs. Davis, and Mrs. Himes. Here you became more skilled in English and arithmetic, and made your first attempts in history.

Yes, you have left this group of teachers, but you will come to value the instruction and attention which they gave you. You will remember and appreciate the years you have spent with them as you go on to complete your high school work.

Our library has been an aid in our effort to gain knowledge. The library is not only an aid to our school, but also to our community.

The library has taken on the appearance of a real library. The walls have been newly painted and the furniture has been re-finished. Venetian blinds have taken the place of the roll blinds and a new dictionary stand built by the shop boys makes studying more convenient.

Our librarian, Mrs. Hudson, is capable and strives to make the library of real service to the school and the community.

The typing classes are always crowded. Typewriters are at a premium. This class of boys has had to take in the overflow from the girls class. The school furnishes these classes their typing book and paper.

The Commercial department, including bookkeeping and shorthand as well as typing, is preparing many of our boys and girls for the business world.

This industrious group of students is one of the most important classes of the high school. In this class, they learn citizenship, how to be good citizens, and what is expected of them from their country. Because it gave them such a wonderful opportunity for expressing their opinion and because they took the opportunity, these students will be more capable of taking part in their local and national government.

For the first time, this year the students had a choice of Psychology or Economics for their second semester subject.

Our cafeteria serves appetizing meals to a large number of teachers and students each day. Although our cafeteria is not large, our cooks, Mrs. Harvey Street and Miss Edna Moss, do an excellent job.

Mrs. Street came here in 1944 when we were freshmen and has served through our high school days. Miss Moss joined Mrs. Street this year. Mrs. Carter, Home Economics supervisor assists the cooks by planning the menu for each day. Several of the seventh and eighth grade girls help serve in the cafeteria.

This year a new arrangement of the equipment and some new curtains brightened the cafeteria.

Here is where one sees for himself how things really look. In the laboratory the biology class dissects frogs, worms, fish, and studies bacteria by the use of slides. This is always a lively room, made so not only by the pupils themselves but by other lively creatures of nature—snakes, bugs, etc.

When this picture was taken Mrs. Loy, the laboratory teacher, was absent and Mrs. Pickett was substituting for her.

Seventy-one girls are signed up in the home ec. department where they wish to learn how to "Keep the Home Fires Burning" in their future years. Many subjects are studied here; such as, clothing, home nursing, child care, housing, and cooking and meal planning.

Improvements have been made in this department this year. The girls made curtains for the sewing room, kitchen, and cafeteria. New equipment in the way of a new iron and a portable electric sewing machine was added.

Mrs. Carter has just completed her second year as instructor of this department.

In spite of serious handicaps caused by shortages in materials, the shop offered a General Shop Mechanics Course which proved to be popular. This course included elementary mechanical drawing, soldering, wiring, and electricity. Actual practice in house wiring and building model electric motors was given the boys.

A complete array of new power tools makes the shop up-to-date.

Here are the boys that dust your desks and clean up your mess. Fred has been sweeping these halls and rooms for four years. Besides all their inside work these boys have outside odd jobs; such as, mowing the lawn and shoveling snow. On those cold wintry mornings you didn't want to come to school, Fred was down here firing the furnaces in order to keep you warm when you did get here.

Shown in the picture are Fred Frakes, Lora Bennett, and Willard Brooks.

Here Are Your Classmates

Senior Officers

As always, the Senior Class play was among the important undertakings of the class. We started work on the production the latter part of February and worked diligently until the first week in April. The publishing of the annual was also a very important event of our senior year. The annual staff was elected early in the school year and met regularly working on the annual.

To raise funds the class served lunch at the sale barn, held a circus in the gym, sold magazines, and sold refreshments at the summer softball games.

Senior officers were: George Howell, president; Willis Little, vice-president; Jane Johnson, secretary and treasurer; Miss Parson, sponsor.

Class of "48"

1st row: Jeannice Brown, Mary Ebersole, Jeanie Maple, Norma Jean Roth, Bea Rosier, Jane Johnson, Barbara Kimmel, Ruth Riley, Caroline Lamb, Cartene Kepner, Beverly Julius.

2nd row: Mr. Owens, Bill Smith, Bill Frakes, Mary Louise Zook, Jeraldine Huddleston, Ferris Petty, Bill Symons, Ferrell Petty, Phyllis Dunham, and Miss Parson.

3rd row: Edward Dunlap, Clarence Ragan, James Newton, Morris Lamb, Bryan Thrumond, Phillip Julius, and Willis Little.

In 1936, 42 students started their educational career in the Greentown school. Some have withdrawn in the course of twelve years and some new pupils have entered the class.

At the beginning of its twelfth and final year at G.H.S. the class numbered 27, one of the pupils, George Howell, was absent when the picture was taken.

Three of the students who started out in their twelfth year, have withdrawn. They are Jeraldine Huddleston, Caroline Lamb, and Mary Ebersol. The 24 who are remaining are all anxious to see the Commencement day, May 3, 1948 come around the corner, so they may enter manhood in earnest.

Class Prophecy of 1948

The time in which we live certainly offers many possibilities which stimulate the imagination. The most interesting invention I have heard of came from a highly trained radio engineer. He prophesied that before long this mechanism would be able to record actual photographs of events which took place on the earth many years ago, or many years in the future.

Another of these fantastic inventions is the time machine, which I am using in my flight into the future. I stepped into the time machine: whir-r-r-r-r-r-r-r-r. In a flash I stepped out on 5th Avenue in New York City. I glanced up at a neon sign and what should I see but "Mme Barbara Kimmel" flashing on and off in front of me. Wondering if this shoppe could possibly belong to the Barbara Kimmel, my classmate of 1948 at G.I.S., I stepped through a revolving door. A clerk moved forward to greet me and to my surprise I knew her. "Jeannice Brown", I exclaimed, "what are you doing here?" She explained that she was working as a dress designer and clerk for Mme. Kimmel who was in reality the Barbara Kimmel, who graduated in "48" at Greentown.

Both Jeannice and Barbara had gone to France to study dress designing and upon their return to America, had opened the shoppe. They had made a marvelous trade out of their enterprise. After chatting for a while with the girls, I realized my time was limited so I bade farewell and continued on my journey in the future.

I bought a newspaper and glanced through it. I started to lay it down again when a headline caught my eye. "Clarence Ragan, Editor of the New York Gem, is to speak at a dinner at the "21 Club." I read the article; then I decided to go to the dinner. As I entered the "21 Club", I sensed a familiar atmosphere. I saw why I felt thus, George Howell was walking forward to greet me. It seems he had changed his mind about becoming a farmer while he was in New York on his honeymoon; for while there, he bought half interest in a night club. In this enterprise he had been so prosperous that he owned the "21 Club" within 5 years.

As George and I sat down, the lights dimmed and a handsome young man, dressed in blue serge, stepped into the spotlight. It was William Smith, now a famous orchestra leader. Bill and his trumpet had gone a long way in the musical world. After his first number was finished, he came over to our table to greet us. I asked

them if they knew of the whereabouts of any of our classmates. Bill and George both shook their heads, saying they knew of only one of the class. Bill slyly smiled, "You might be interested in seeing my new vocalist! Excuse me a second and we'll let you hear her sing."

Imagine my surprise when Bill introduced Beverly Julius. When her number was over, she joined us at our table. We then settled back to hear the lecture to be delivered by Editor Clarence Ragan of the New York Gem. After the speech was over, George invited Clarence to our table; then followed a reunion of a few members of the Class of "48". We exchanged experiences. Clarence had married into a family who owned a newspaper in Indiana and had attained such fame as a reporter that he'd had several good offers. He accepted the Gem's offer and came to New York.

Time was getting short, so with regrets, I left the Club and walked back to the time machine. I had many more miles to go before my journey would end and I had little time to spare.

I stepped into the time machine and in a mere instant, I stepped out to view a circus parade coming down a street in Middletown, Ohio. The clowns in their bright array always attract me and on this particular day I decided to visit them in their dressing rooms after the parade. I stopped a well-dressed fellow and asked him where I could see the clowns. He began to laugh. Then I recognized him. "Ferris Petty?" I exclaimed, "what have you been doing for the past ten years?" He said he had started out as a clown in a circus; his interest in the circus grew till finally he and Ferrell bought a circus which they named the Petty Brothers Circus. They were featuring Willis Little as King of the Clowns.

After meeting Willis, I was given a pass to see the circus and, accompanied by Ferrell Ferris, I went to see the "King of The Clowns." He really was the King. His performance was nearly as good as his portrayal of Elmer in "Elmer and the Lovebug" in high school.

After the performance we went to the Corner Drugstore for refreshments for old time's sake. Stepping up to greet us with that always pleasant smile was Jeanie Maple. That drug store grace and geniality she developed in her high school days still clung to her and made her a delightful person to meet. She aided her husband, Ralph Trott, who had opened the corner drugstore.

Continuing on my cross country time machine tour, I arrived at Indianapolis, Indiana. As it was Memorial Day, I went to the Speedway, hoping to meet some of my friends there. The first person I met was Jane Johnson. She and Bill Callis, she said, was married and owned a grocery store in Greentown. They had taken the day off to see the races.

By special arrangement we went to the pits to meet the various drivers in the race. We were eager to meet the winner and the runner-up. The winner had just came into the pits and when he took his helmet off we saw Phillip Julius wearing a victorious look on his face. We rushed over to congratulate him and to ask him how he had come to be a race driver. He said, "I always did like to drive fast, so one Sunday I got a chance to drive a racer at Kokomo Speedway and have stayed with the profession ever since!"

We asked Phillip to introduce us to the second place winner. He called, "Morrie?" When he came over I was astonished to see Morris Lamb. He had begun life after graduation as a policeman and was still in that profession, but had taken up racing as a hobby. It was a pretty profitable hobby, it seemed to me.

As we were talking to Phillip, a reporter walked up to interview Phillip and Morris about the race. Before she left, she handed us a name-card—Norma Roth, Sports Reporter, Indianapolis Tribune. We called her back to talk to her, asking her about the other members of the class of "48" whom she knew about. Norma said that she had met two of the class in the past week or so. She had a Nash that had to have repairs. She had taken it to Dunlap's Garage in Indianapolis. Eddie Dunlap had finally opened a garage. Instead of working on his own car all the time, he now was the doctor for other cars in need of repairs. James Newton was one of Ed's mechanics, a very good one at that.

I then took leave of the little group, hoping that someday we would meet again. I then wandered down the street of a small town out in the Middle-West. Carlene Kepner, a former G.H.S. student, was driving a Farmall at a reckless speed down Main Street—till she saw me. She halted the tractor and came over to meet me. We had a cozy little chat about by-gone days and then Carlene told me about Mary Zook, who had taken ballet after graduation. Mary was giving a performance at a theater in the town of Logansport that evening. We went to Mary's performance which was very good. We went back stage after the performance and chatted with her. We were eager to hear how she had fared in the past ten years.

Mary had a good deal of news about Ruth Riley and Bea Rosier. She said, "Yes, I know about Ruth and Bea. They had an act on Broadway for several months. They are now on tour of the U.S. Bea is a comedian and Ruth is a dancer. Ruth went to Arthur Murray's dancing school, having been attracted by their clever advertisements. She advised us to try Murray's method. Bea has kept that good humor she had at school and has capitalized on it. The girls are making a hit throughout the nation so I hear. Ruth is still hoping that some day she will settle down near Russiaville, Indiana, as a certain farmer's wife.

I bade farewell to Mary and Carlene and continued on my journey in the future. I entered an office building in Tuscon, Arizona. I glanced at the name on the door. Printed in bold, black letters was Thurmond Auto Sales. I knocked on the door and heard the husky voice of Bryan Thurmond bid me enter. I was rather taken aback to see Bryan here. He said, "I'll bet you are surprised to see me here! I had at one time considered being a farmer, you know, but a rich uncle in Arizona left me a garage business so I forgot about farming. I came West and met Phyllis Dunham, who was living Tuscon. I needed a bookkeeper to keep my books and knowing Phyllis had experience at G.H.S. as a bookkeeper, I hired her. Her book-keeping ability helped make the business a success, not to mention her husband's mechanic ability."

I took leave of Bryan and Phyllis. Continuing on my journey, I began feeling chilly. I glanced around and where do you think I was? I was in northern Washington. The Olympics was to be held in the United States and Washington was chosen as the host state. I looked around for anyone I might know. What was that streak that just whizzed by??—Bill Frakes, the greatest mile runner in the world, I was told. He had just broken his own record of 4:01.2. I remembered Bill was always breaking records in high school and I thought to myself "He will always be breaking records!"

After the race I walked over to speak to Bill and there was Bill Symons. I was glad to see Symons and learn of his success as a baseball pitcher. Bill Frakes whispered to me that without a doubt Bill was another Blackwell or Johnson. Also, he was being offered dazzling salaries by some big clubs.

I have visited all my former classmates and they have all become successful in their own profession. They are all talented in one way or another. Some day we will perhaps return to see how the Class of "48" is fairing in this troubled world! Farewell to everyone! !

1949

Juniors

The juniors enjoyed one of the happiest and busiest years of their school career because of extensive business and social undertakings. They sold Christmas cards, jello, cokes, and candy and worked on other money-making projects.

There was a great deal of excitement when the jewelry salesman came. After much discussion and voting, they chose a pattern. The arrival of the jewelry was a red-letter day for the class of "49".

The highlight of the junior year is the giving of a delightful reception for the senior class and the faculty.

The class officers and sponsor are: Lloyd Cheek, president; Dallas Smith, vice-president; Ned Hamer, secretary-treasurer; Donald Martin, Sponsor.

Sophomores

The sophomore class started the year by electing as their officers: Johnny Peters, president; Floyd Cheek, vice-president; Beverly Tygart, secretary-treasurer; and Mr. Johnson, sponsor.

This has been a very active and eager group. They have worked hard, and rumor says they have a tidy sum in their treasury. Their main source of income this year has been dues and scrap drives.

Sophomores...

First row: Phyllis Howell, Joyce Myers, Janet Zook, Marilyn Petty, Barbara Hunt, Verna Schroeder, Phyllis Loman, Kathleen Lorenz, and Paunsy Reed.

Second row: Barbara Turner, Francis Gingerich, Don Dryer, Herschel Keeler, Lora Bennett, Bob Julius, Emerson Horner, and Beverly Tygart.

Third row: Mr. Johnson, Danny Rudy, Charles Spangler, Johnny Peters, Floyd Cheek, and Eugene Kaufman.

The sophomores, it may be said, is a group that has not become infected with cockiness—they don't know everything and they know they don't know everything—thus they make genial and friendly companions. Both boys and girls in this class are athletic-minded. Were there a girl's basketball team, this class could supply the talent. The Varsity next year, no doubt, will draw heavily from this group. The girls are willing helpers; some of them ushering three nights for the senior play.

In the fall, Joyce Myers entertained her class at a wiener roast at her home. All year the sophomores have been conspicuous in their red and white sweaters.

Freshmen

The Freshman Class consists of 50 members. This is the largest class to be enrolled in the Greentown School for a number of years. Because of its size the class has been divided for home room. This was done alphabetically putting those from A to I in the first section with Mrs. Naomi Smith as sponsor, and those from J to Z in the second section with Mrs. Eleanor Loy as sponsor. The officers of this class are: Wayne Frakes, president; Max Kingseed, vice-president; Jay Sommers, secretary-treasurer. This class confined its activities during this school year to class meetings.

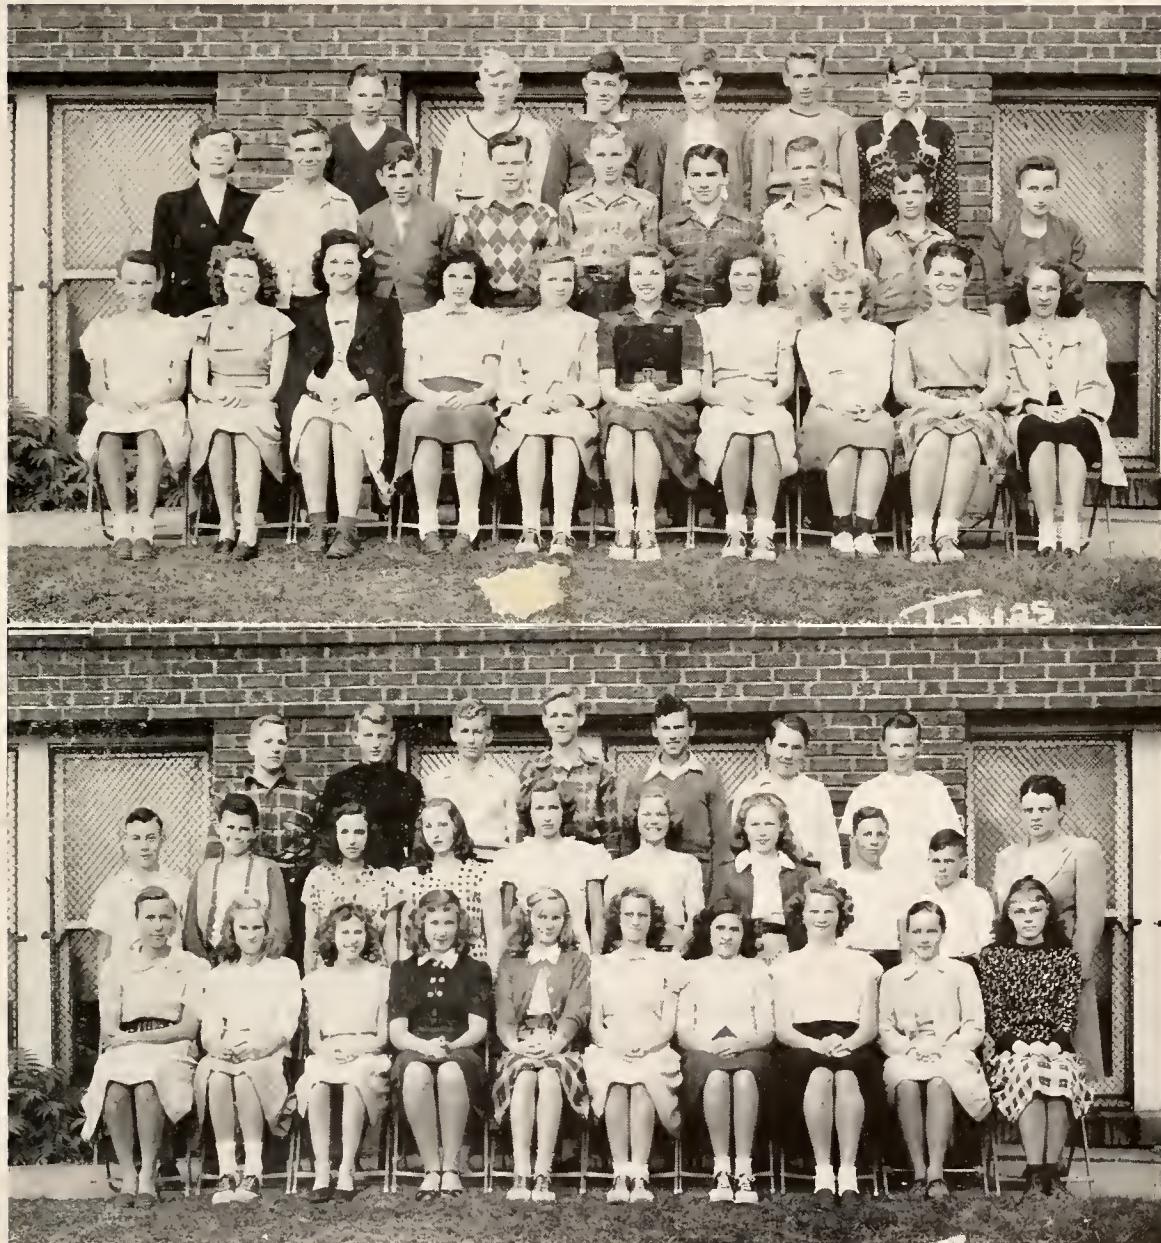

Co-sponsor Mrs. Loy was absent when this picture was taken.

Third row: Mr. Richer; Carl Horner, Gloria Huston, Maxine Marrow, June Ann Riley, Helen Boyll, Shirley Johnson, Celesta Tibbets, Mary Lou Campbell.

Fourth row: Charles Johnson, Roscoe Walls, Ralph Binney, James Lantz, Richard Dillon.

The importance of eighth grade work cannot be overestimated. In this grade the foundation for high school English is perfected; arithmetic is polished off, and all their work is done to better prepare them for advanced studies in high school. This, all freshmen realize sooner or later.

The eighth grade can be proud of the fact that over half of the players for the Junior High Basketball Team were from their grade and that their sponsor, Mr. Richer, was Coach of the Junior High team.

The members of the class elected as their officers for the year: Ralph Benny, president; Robert Armstrong, vice president; Robert Johnson, secretary-treasurer.

Seventh Grade

First row: Richard Taylor, Gerald Suter, Larry McKinney, Vernon Fowler, Byron Myers, and Roscoe Simpson.

Second row: Betty Bougher, Peggy Aaron, Vivian Oshorn, Carolyn Symons, Shirley Williams, Nancy Talbert, Betty Bontrager, Suzan Fettlers, Phyllis Lamb, Norma Brooks, Joan Alexander, Jonnie Wilson.

Third row: Mary King, Marilyn Johnson, Joyce Ogle, Sue Tygart, Sharon Hensler, Katie Yoder, Myrna Smith, Delores Lorenz, Shirley Stepler, and Mr. Ebersol.

Fourth row: Webb Riley, Weldon Hochsteter, Donald Flook, Larry Coffman, Tommy Wright, Ronald Flook, Richard Johnson, and Keith Slaughter.

Above is the seventh grade, a group of students who are the latest to work their way upstairs and join the upper grades. Perhaps the change bewildered them at first, but before too many weeks had passed they had found their way around and had accustomed themselves quite well to their new schedule.

The class elected for their officers; Keith Slaughter, president; Vernon Fowler, vice-president Marilyn Johnson, secretary-treasurer; Mr. Ebersol, sponsor.

The class held a class party during the first semester. Several bouquets were purchased for the students belonging to their class who have had rather serious illnesses.

Make-Up Is Fun

Tobies

Make-up is an art, an art interesting and fascinating. Here we have caught four members of the cast *ELMER AND THE LOVEBUG* in the process of making up. The play was the main part of the program prepared for the Dramatic Club Tea given February 17 and was given again February 18 for the assembly. The cast members were: Jeanie Maple, Barbara Kimmel, Ruth Riley, Willis Little, Clarence

Ragan, Ned Hamer, Bea Rosier, and Roland Riley.

The play, under the direction of Miss Parson, was a success. The laughs from the audience proved that quite well. As a matter of fact, it was such a success that the cast was asked to present it again on March 3, for the Liberty Township 4-H Club and the Farm Bureau. It meant much practice and work for the cast, but as they said after it was over, "It was fun!"

Dramatic Club

Front row: Phyllis Dunham, Carlene Kepner, Ruth Riley, Jeannice Brown, Barbara Kimmel, Caroline Lamb, Jane Johnson, Bea Rosier.

Second row: Miss Parson, Norma Jean Roth, Clarence Ragan, Willis Little, Mary Zook, Jeanie Maple.

This year, as in years before, the Dramatic Club was made up of the students from the Public Speaking class. We had eleven members.

We started the year with the initiation at Miss Parson's home. At this meeting the candidates were asked to exhibit their thespian ability by performing some familiar story or rhyme, letting the old members guess the story or rhyme portrayed. This was followed by a candlelight serious initiation. In October, Norma Jean Roth was hostess to the club. Two sketches from well-known plays were given by members of the club. The Christmas party held at Barbara Kimmel's, included the exchange of gifts and a program of records of "Hamlet", by Maurice Evans. In February, "Elmer and the Lovebug" was presented for the Mother's Tea. Later, at the request of the Farm Bureau, the play was given again for the 4-H Achievement Program.

The purpose of the club is to help the members to do and understand dramatic work.

Colors: Dark and light blue; Name, Lagniappe; President, Norma Jean Roth; Vice President, Clarence Ragan; Secretary-Treasurer Ruth Riley; Critic, Jean Maple; Sponsor, Miss Parson.

Dramatic Club Tea

And now we eat, drink, and be merry!

The Dramatic Club, at the close of the season, usually gives on the stage a program for a group of invited guests and then serves tea in the domestic science room. This year, sixty guests enjoyed the play "Elmer and the Lovebug" and a reading "The White Goose" given by Jane Johnson.

The tea, given February 17, was a lovely candlelight affair. The Dramatic Club's colors, light blue, were carried out in the decorations throughout the room and on the beautifully arranged table. The refreshments consisted of delicate chicken and cheese sandwiches, chocolate covered mints, cup cakes, and tea.

Hi-Y

First row: Wayne Frakes, Montell Morris, John Honeas, John Webber, Kickie Keyton, Max Kingseed, John Ginerich, and Bob Lawson.

Second row: Donald Eckbarger, Lora Bennett, Wayne Alexander, Francis Gingerich, Willard Brooks, Rex Zirkle, Bob Flook, and Floyd Cheek.

Third row: Donald Martin, Bill Smith, Bill Frakes, Lloyd Cheek, John Peters, Archie Bagwell, Max Harvey, Ned Hamer, Willis Little, and Dallas Smith.

Since the Hi-Y has changed its policy regarding its membership, a livelier interest has been shown by high school boys. This year anyone who expressed a desire to belong to the Hi-Y was eligible. Next year only freshmen will be able to acquire membership. The Hi-Y had many activities this year. They had their usual chili suppers and swimming party at the Kokomo Y. M. C. A. They had a volunteer group working on the public playground. A new service was rendered by printing basketball rosters for home games. They again sponsored the printing of the schedule. The initiates, in odd looking garb, gave all the students a laugh.

They chose as president, Bill Smith; vice president, Bill Frakes, secretary-treasurer, George Howell; and sponsor, Donald Martin.

Hi-Y Father & Son Banquet

This was the first social gathering of the boys of the Hi-Y and their fathers. In a beautiful red, white, and blue setting in the Home Ec. room they met, talked, and ate together. Toastmaster Bill Smith introduced Willis Little who gave the welcome, and then Charles Hamer who gave the response. Mr. Owens told of the activities of the Hi-Y for the past. Mr. Frank Liddle, State Executive Secretary of the Y.M.C.A., was the principal speaker of the evening. He told the fathers they should have discipline but they should develop good companionship with their sons. Holman Fenn provided dinner music, Bob Flook gave a baritone solo, and Bill Smith sang a solo. The sophomore girls served the meal under the direction of Mrs. Carter.

Mr. Liddle also spoke to the student body in the afternoon.

Senior Blu-Tri

First row: Barbara Kimmel, Helen Kendall, Natalie Talbert, Joan Kingseed, Jeannice Brown, Norma Jean Roth, and Jeannie Maple.

Second row: Phyllis Dunham, Ruth Riley, Shirley Campbell, Joanna Pence, Catherine Fenn, and Caroline Lamb.

Third row: Mrs. Overton, Jane Johnson, Mary Zook, Bea Rosier, Mary Helen Hunsinger, Wynemah Hardie, Mary Lou Hudson, Mary Turner, Carlene Kepner, and Beverly Julius.

The girls who make up the Senior Blu-Tri Club from the junior and senior classes. The one thing in the year that the girls look forward to is the Senior Blu-Tri banquet, the occasion when the juniors give the seniors a party. At the end of the year, a committee selects the one who has been the most outstanding worker in the club. Her name is engraved on a gold plaque which hangs in the Study Hall. This is an honor anyone would like to receive and would appreciate.

This year the Blu-Tri girls gave their first Formal banquet. Until this year, a formal banquet had been the main project of the Home Economics club, but since there was no organized Home Economics club, the Blu-Tri adopted the custom.

Junior Blu-Tri

First row: Ruth Ann Dillon, Shirley Hensler, Shirley Kimmel, Janet Zook, Joyce Myers, Phyllis Howell, Elinor Pickett, Milda Keyton, Judy Imbler, and Annabelle Lawson.

Second row: Mrs. Smith, Kathleen Miller, Verna Shroeder, Julia Bushy, Merlaya Pence, Barbara Turner, Marilyn Petty, Barbar Hunt, Nancy Kay Bagwell, Mary Elizabeth Perkins, and Barbar Hiatt.

Third row: Rebecca Brenton, Evagness Little, Phyllis Greeson, Pansy Reed Beverly Tygart, Phyllis Loman, Carolyn Martin, and Doris Symons.

The Junior Blu-Tri was first organized last year, when Mrs. Life from the Kokomo Y.M.C.A. came to visit us. At that time the name of the Blu-Tri everywhere was being changed from Girl Reserves to Y-Teens. After our Blu-Tri became the Y-Teens, the members were divided into junior and senior Blu-Tri clubs. All freshman and sophomore girls made the junior Blu-Tri, while the junior and senior girls made the senior Blu-Tri. All of the girls worked hard to make money for their clubs. Under the supervision of their sponsor, Mrs. Smith, the Junior Blu-Tri collected paper and had candy sales. With the money received they filled Thanksgiving and Christmas boxes for our needy and Foreign Relief boxes were sent overseas.

There are fifty members in the high school girls' choir. The choir has given several special programs this year. On December 24, the choir, with the speech department, gave a Christmas program before an assembly of students and parents. The choir sang for the Good-Friday services held in the United Brethren Church. On April 28 a special program was given by the choir and band combined before an appreciative audience. They also sang for the baccalaureate services on May 2.

Third row: Elinor Pickett, Mary Ann Peters, Archie Bagwell, Dan Rudy, Majorette Nancy Bagwell, Bob Julius, Mrs. Mower, June Ann Riley, Francis Gingerich.

Under the first year of direction by Mrs. Mower the band played for several pep sessions and social events. They furnished band march music for four ball games. Seven members competed in the individual contest held in Kokomo on Feb. 21. On March 21 the band held their spring concert in the Greentown City Hall. Their summer concert was held in the high school auditorium on April 28.

The band was especially proud of their new uniforms which are green with white trimmings.

The members of the band chose for their officers: President, Bill Smith; Vice-President, Mary Lou Hudson; secretary-Treasurer, Milda Keyton; Librarian, Doris Symons; Property Manager, Ned Hamer; uniforms, Dan Rudy.

Senior Class Play

Poor, Mr. Foster!

"A Date with Judy", a three act comedy based on the radio story and written by Aileen Leslie, was presented this year as the senior class play.

Judy Foster is determined to beat the slacks off Tootsie Whiteman by soliciting contributions to the Community Relief Fund—the winner to be Queen and lead the grand march at the school dance. As a means of raising some "quick money", the girls, Judy and her friend Barbara entered several contests, using the names of their parents and friends. The results were disastrous.

This year, for the first time, the play was presented for three nights. The auditorium was filled for each performance.

On Monday night the cast presented Miss Parson with a bouquet of roses.

Coach & Student Managers

Here are the three who see to it that our basketball club clicks; Mr. Irwin, the coach—the boss; Herschel Keeler, a sophomore, and Bob Flook, a freshman. Herschel and Bob served the team well. They were ever watchful, while the team was on the floor. Herschel, the senior member of the managers, is serving the team for the second year, Bob was serving his first year. The two boys are held in high regard by both the boys of the team and their coach.

Mr. Irwin has a quiet and effective way of getting out of the boys their best effort. The boys all respect him and try to follow his direction. Consequently, Mr. Irwin has succeeded in putting Greentown on the map in the world of athletics.

A Tense Moment

George Howell, Bill Smith, and Dan Rudy are poised for a rebound in the West Lafayette game at the Kokomo Armory.

Every year the Beavers are backed by the never-tiring fans. This year we found Shirley Hensler and Ruth Ann Dillon leading the fans in their yells. Whenever the going got rough they were right in there cheering the Beavers on to victory.

The school and cheer leading was new to both the girls as neither of them attended Greentown High School last year. Considering that we were new to them and they were new to us, we, the Seniors of '48, can say, "Thanks, Shirley and Ruth Ann, for a job well done."

A Sure Two Points

Bill Symons, varsity forward, drives under for a lay-up shot during the West Lafayette game. Bill Smith and Bill Frakes are seen getting under for a possible rebound.

For the first time in many years the athletic department went to the faculty for a score keeper for our basketball games. They chose a new comer to the teaching staff, Mr. Richer, but the timer is a veteran from last year.

This picture was snapped a few minutes before the second half of the West Lafayette-Greentown game while these boys were still taking their half time stretch.

First Team

Front row: Bill Symons, Dan Rudy

Back row: Lloyd Cheek, Ferris Petty, Bryan Thurmond, Bill Frakes, Coach Earl Irwin, Bill Smith, George Howell, Floyd Cheek John Peters

The Beavers finished a fine basketball season with a record of eighteen wins and five losses. The season began with a one-sided victory over Bunker Hill and ended with a two point loss to Kokomo in the Sectional Tourney. They once had a nine-game winning streak which was cut off by Converse whom they later defeated. This year's team was comparatively small but what they lacked in height they made up in speed, good shooting, and good team work.

Dan Rudy, sophomore guard, will be the only member of the team left for next year's varsity as four of the first five were lost by graduation.

Second Team

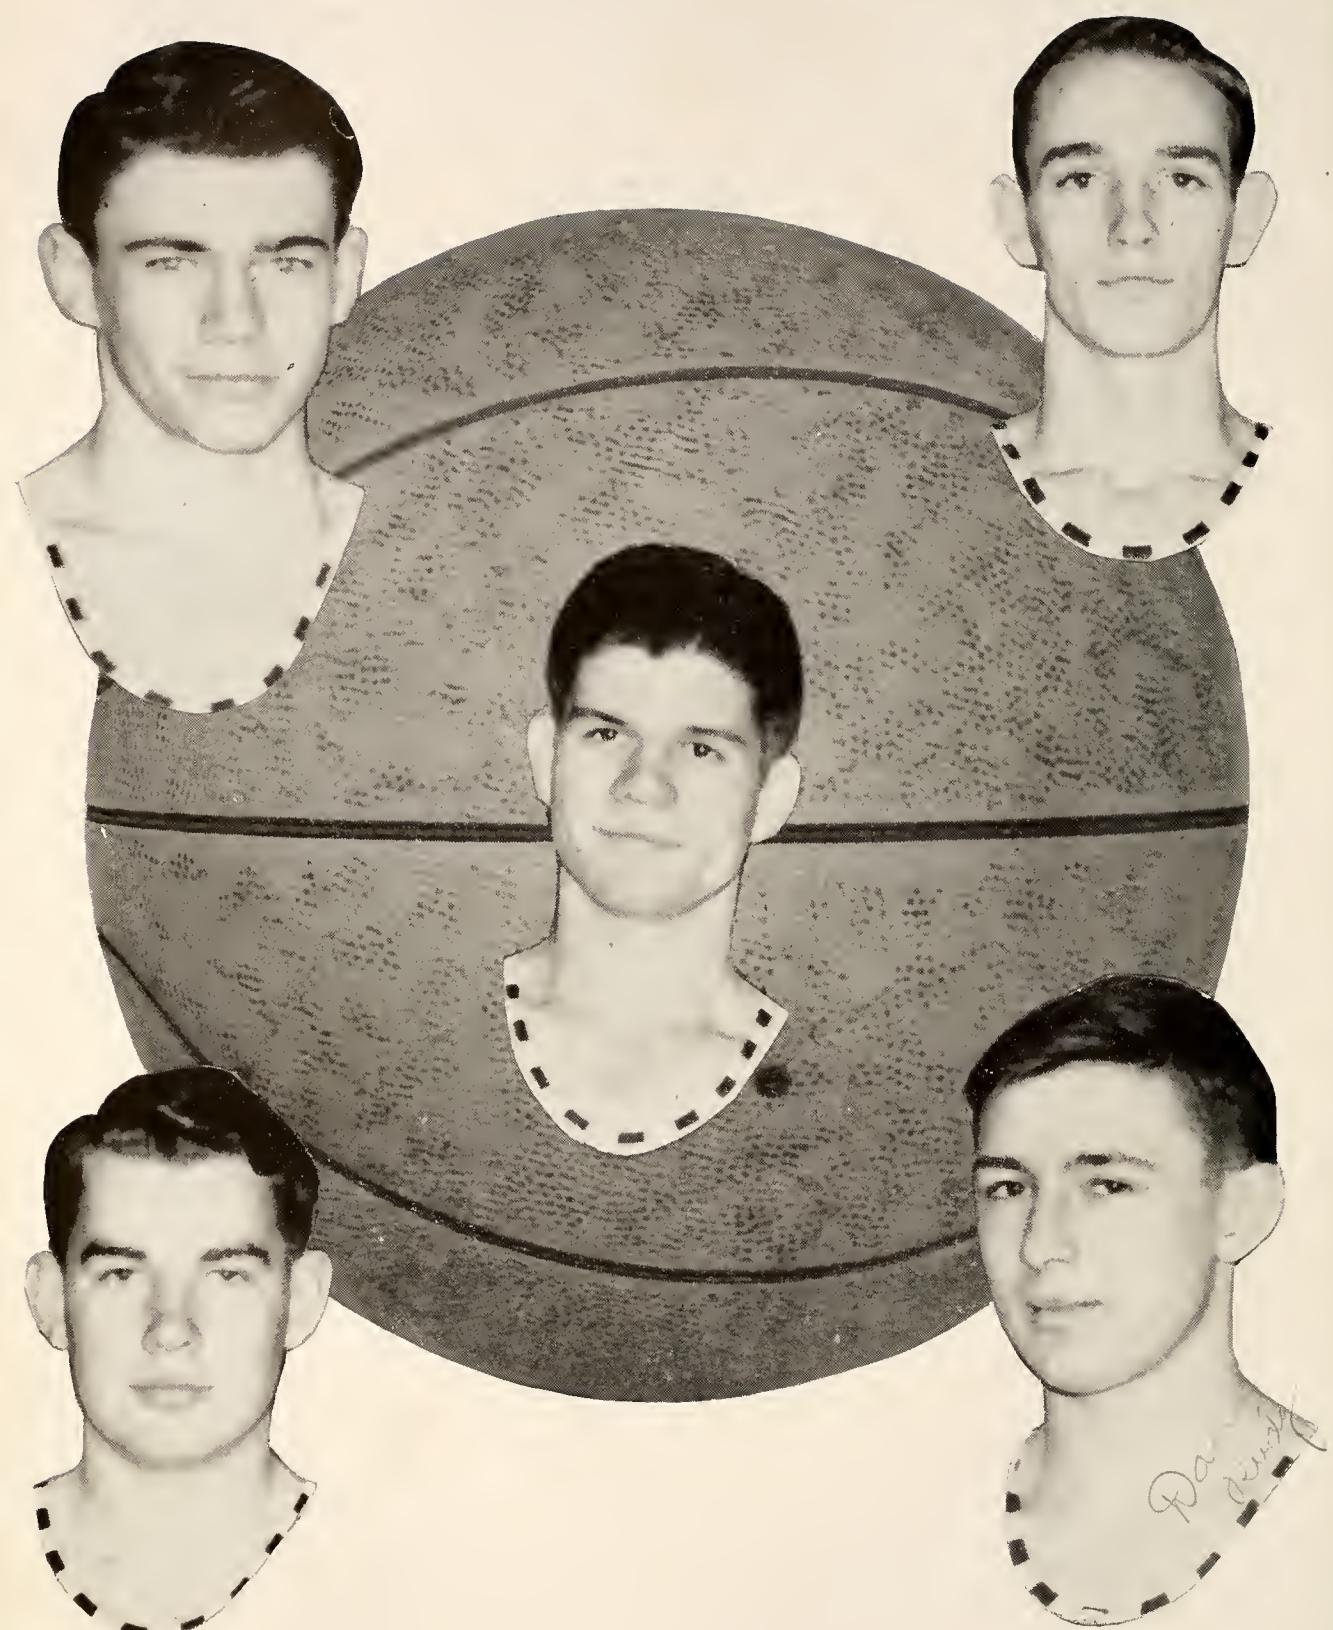

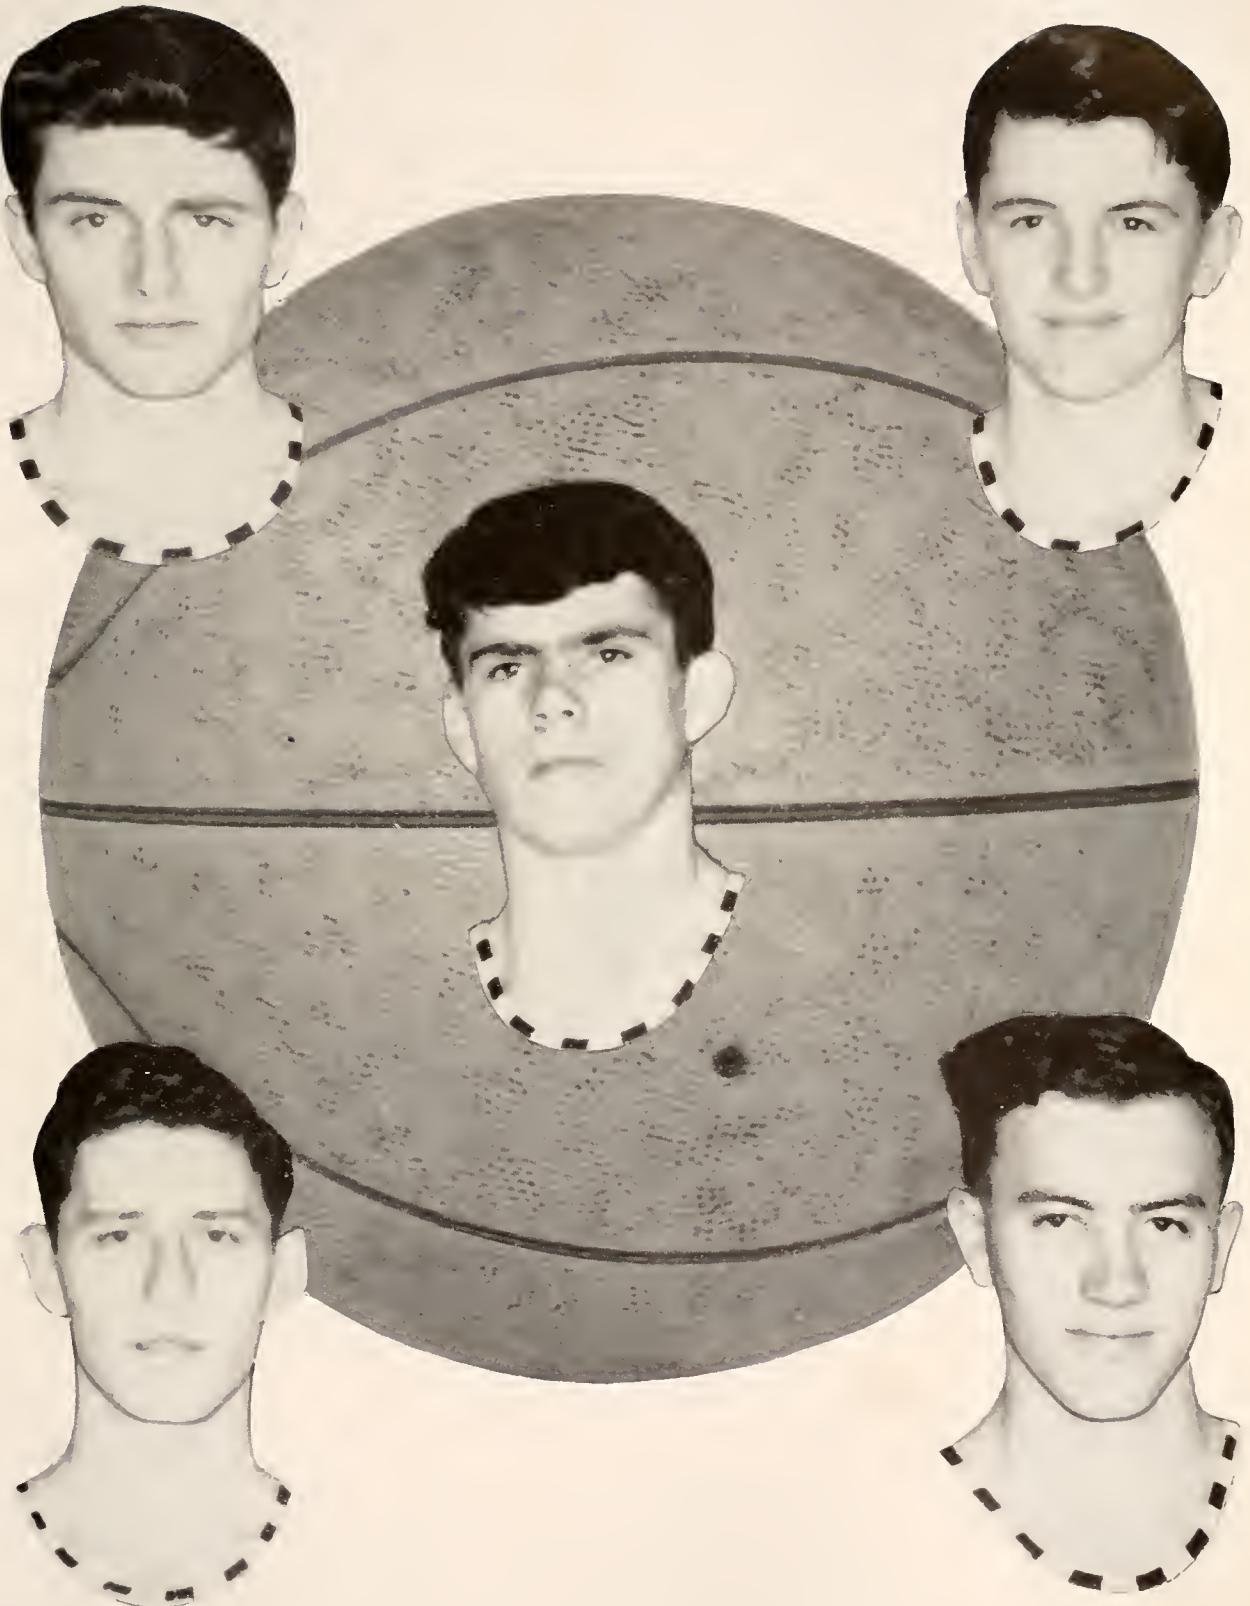

First row: Francis Gingerich, Max Kingseed, Bob Julius

Second row: Max Harvey, Archie Bagwell, Charlie Spangler, Coach Earl R. Irwin, Jim Jennings, Floyd Cheek, Lloyd Cheek

The second team ended its season with a very fine record. They won seventeen out of the eighteen scheduled games. Their only loss was to Marion's "Little Giants". They outscored their opponents 579 to 356.

Lloyd Cheek was again high scorer for the seconds with 176 points.

1947-48 Diary

Calendar

AUGUST

29—School started today. We met our new principal and our new teachers. School was dismissed at noon.

SEPTEMBER

1—Labor day, no school today.

2—Today we went to our regular classes. The seniors had a class meeting and elected the staff for this year's Emerald. As always there were conflicts in our schedules.

3—Several students went to the Fair. I hear Kokomo had some good shows on today. What about it girls?

4—We all wonder why Mary Zook was so embarrassed when Mr. Richer asked her about the Fair in Civics class.

5—We had a ball game with Ervin on their diamond. First fire drill was held today.

8—Mr. Owens called everyone to the assembly for another change in the schedule. The seniors had a class meeting. We had two movies at the sixth period.

9—The Senior Blu-Tri held a meeting today. The Home Ec. Officers met today to plan the initiation. A new boy, Clarence Ragan, came today. The senior class welcomes him.

10—Is Bea Rosier Democrat or Republication? After Civics class we wonder. At a class meeting the juniors elected Shirley Campbell as their representative on the Emerald staff.

11—Staff meeting tonight at the school building. Sophomores held a class meeting.

12—The sophomores must have some heavy business because they had another class meeting today. The Senior Blu-Tri had a meeting to elect a sponsor. Carolyn Petro and Nancy Currens visited school today. No ball game, too much rain.

15—Dreary ole rainy day. Dramatic Club organized. Now we know what Mrs. Mower thinks of Milda Keyton. She is good for anything.

16—Two freshmen boys were flirting with two senior girls. Better be careful fellows. Hi-Y meeting was held during Activities period. Since the ground is finally dry, we had our game with Union. School was dismissed at 2:15.

17—The Rev. Mr. Ferris was here for our first convocation. We all enjoyed him very much. Why did Mr. Richer ask Norma Jean Roth if she copied her civics from the book? Don't we all????

18—Freshmen and seventh grade class meeting. What are the seniors doing with Bibles??? Must be for Speech Class. Fire drill today.

19—Senior Bu-Tri meeting. Ball game with Jackson. We won 15 to 6. Argued in Civics, as usual. Maybe, by some miracle, we will all agree, someday; however, it is doubtful.

22—The Civics class learned how to study their lesson each day. We had our first speed tests in Typing. Almost everybody was too nervous to type. Junior Blu-Tri girls had their initiation tonight in Zook's barn.

23—Regular routine today. T. B. Patch test for first graders and freshmen. Ball game with Clay (Howard) and we won. In case anyone is interested, those queer looking creatures are victims of the Blu-Tri initiation. Don't they look cute?

24—Another cold dreary day. Several senior fellows skipped school and had an afternoon in which they learned all of school should not be work. Ha! The boys had a staff meeting. Sophomore class had a class meeting.

25—Staff meeting during Activities period. We hear Bill Smith has a new flame with the initials of C. K. Are we hearing right???? Mr. Owens liked the boys that skipped school so well that he kept them with him all period.

26 - We had trouble with the boilers and almost got out for the day. But the janitor fixed it. Several students were excused for the ballgame at Kokomo with Russiaville. We won and now are the Howard County Champs for 1947.

29—School started on Standard Time today. We got to sleep almost 10 minutes longer. Eddie LaRowe visited us today. Mr. Owens and Mr. Martin attended a conference at New Castle. Dramatic Club meeting fifth period.

30—Mrs. Averton doesn't like for people to throw things in her assembly boys. Staff meeting tonight at 7:30. Test in Civics today and everyone racked his brains to answer the questions. We had a good ball game in Civics and the red hots were good too.

OCTOBER

1—Convocation today with the Rev. Miss Hollingsworth. We all would like to hear Bea Rosier's version of "If I had a Nickel".

2—The photographer, Mr. Tobias, was here to take pictures for the Emerald. The school was in a turmoil all day. Several group pictures were taken.

3—We wonder who those "Men from Mar" with the eggs on their heads are. Must be Hi-Y initiates. We are proud of our Civics teacher. He is much more interested at present in the Greentown Town Board than he is the National Government.

6—We all enjoyed hearing Mr. Irwin call "George" in Safety this morning. The senior and junior classes had meetings. The juniors ordered their rings.

7—We are sorry to hear that two of our Senior boys are quite stubborn. Sorry fellows, the Dramatic Club is for your benefit. We wonder what all the business of the Senior girls was. The Latin class did a fine job of singing today.

8—Several Senior girls spent the day in Kokomo. The rest of the class came in the afternoon to have their class pictures taken. The Dramatic Club had a party at Miss Parson's. Everyone enjoyed it.

9—Everyone in the Dramatic Club helped to sweeten the smell of the school with zinnias, the Club flower. Staff meeting tonight. The X-Ray machine was here to X-Ray the high school students.

10—Mr. Richer sure isn't very appreciative, especially when girls take him flowers. A program "The Man Who Knew Lincoln".

13—We, in the Civics class, would hate for Bea Rosier to get a red grade. Ha! Ha!

14—Eighth grade had a class meeting tonight at Waneta Roth's. Mr. Irwin gave us a lecture in Safety today. Jane, please be still. Ha! Mr. Rutledge was here and talked to the seniors. Glee Club recorded songs and didn't sound natural. Mr. Tobias took more pictures. Mr. Owens wouldn't let the seniors have their proofs. He is cruel.

15—The Rev. Mr. Ballard gave a convocation speech and the Glee Club sangs two songs. All the seniors were looking at and discussing their proofs. Ask J. J. where the diaphragm is. She knows. Ha!

16—All of us are blue today, because we have reviewed our grade cards. "Police Martin" sent some boys upstairs at noon. Don't you think they were hungry, Martin??????

17—The sophomore class surely brightened up the school with their bright red and white sweaters. They are pretty, kids.

20—The Home Ec. and Mechanical Drawing class went to Indianapolis and Marion today. No one was very "peppy", so school dragged along all day.

21—Bill Frakes and Floyd Cheek ran in a Cross-Country Meet today. This race was held at Delphi, and the boys did very well for themselves.

22—Blu-Tri Candy Sale. Pictures on First Aid were shown today. Everybody happy, 'cause we are out of school for a few days. Hurrah! Hurrah!

23—Teachers' Institute.

24—Teachers' Institute.

27—The senior class had a sale at the Sale Barn. Pictures were shown Activities Period. The Institute must have been too much for Mr. Irwin. He was absent today. Mrs. Loy is in Tennessee attending a funeral there.

28—4-H Meeting during Activities Period. Hi-Y met, too. Staff meeting and we all agreed for once.

29—Convocation today with The Rev. Mr. Lookabill as the speaker. Jr. Blu-Tri enrolled the high school for Red Cross.

30—Mr. Irwin finally recovered from his illness. We took subscriptions for the Emerald. We hope the Emeralds are out before school closes. That wish sounds quite familiar, doesn't it?

31—All the grades were having a great time at their Halloween parties, so Mr. Martin got refreshments for the 7th period typing class. Everyone was quite contented to eat and not type.

NOVEMBER

3—Junior and Senior Blu-Tri meetings Act. period. No Choir today. Mary Lou Hudson and Beverly Julius are back at school after their operations.
